All efforts are made to ensure the accuracy of this document. We reserve the right to make changes to this schedule at any point in the academic year. The school will ensure that candidates are informed of their centre assessed marks so that they may ask questions of clarification informally and, if this does not resolve the situation, request a review of the centre's marking before marks are submitted to the awarding body. Candidates may request copies of materials to assist them in considering whether to request a review of the centre's marking but must submit their request for review no later than Friday 1st May 2027. Any questions about this process should be directed to Mr Alderson, Deputy Head.
